Vehicle Delivery Preparation and Storage

We Care - We Deliver

Specialising in individual vehicle movement, Eclipse Vehicle Management provides a dedicated and professional vehicle logistics service throughout Europe.

Our team of delivery representatives takes great care to collect and deliver on time, ensuring satisfaction for you and your customers.

Our portfolio of satisfied clients includes:

- Prestige car manufacturers
- Car dealers
- Car buyers
- Lease companies
- Hire companies
- PLCs and Private companies

We are increasingly used by prestige manufacturers to TV, Press, PR, Special Events and Demonstration work.

With our headquarters in Bicester, Oxfordshire we are centrally placed in the UK, we can collect and deliver anywhere in Europe.

Sophisticated computer systems tracking all vehicle movements are backed up by immediately accessible manual systems at our operational headquarters.

We deliver 24 hours a day, 7 days a week and provide same day/next day service.

Each client is assigned their own Account Manager who will personally take charge of all vehicle movement requirements.

Our uniformed delivery representatives are fully trained in all aspects of vehicle delivery and handover.

Secure storage is available for up to 120 vehicles.

The compound is monitored by CCTV around the clock and sophisticated alarm systems are in place.

We can store overnight or longer term as required.

We have considerable experience in providing transport and back-up facilities for Press and PR events, product launches, Film and TV shoots, Special Events and Demonstrations.

Our support vehicle is available to attend such events with complete valeting, puncture repair and servicing equipment on board.

Service and refurbishment

A complete vehicle refurbishment service is available, including full interior and exterior body repair, internal trim and seating.

Our service workshop can undertake anything from routine service to a complete engine overhaul.

Full valeting services are provided.
